

# IDAHO POST

## DO NOT RESUSCITATE JEWELRY

An Idaho POST- Physician's Order for Scope of Treatment is a standardized form that allows a person to express his/her treatment wishes in advance of needing medical treatment or emergency situations.

The POST jewelry is ONLY for patients that have elected "Do Not Resuscitate" in Section A of their POST form. Please see your doctor and s/he will help guide you through the process of completing an Idaho POST (an Idaho POST must be signed by a physician to be valid). For more information go to: [www.abetterwaycoalition.org](http://www.abetterwaycoalition.org) or call (208) 343-9735
